PENSION-AGENTS.

The compensation of pension-agents is derived from a percentage on the amounts disbursed by them until the limit of \$4,000 per annum is reached; the compensation from this source is restricted to that sum. Additional compensation was authorized by the act of July 8, 1870, which allows them thirty cents for each quarterly voucher they shall prepare and pay.

PUBLIC LANDS—DIVISION C.

The preliminary business connected with the disposal of the public lands after survey, as distinguished from the lands covered by "private land-claims," is transacted in this division. Tract-books are opened from the plats of survey, in which are kept a record of disposals, and notes of all private claims, reservations, and special appropriations of public lands.

All disposals of public lands offered by proclamation of the President, by ordinary private entry, by homestead entry, by timber-culture entry, all sections under the internal-improvement grant, by the act of 1841, and the various educational grants, including that for agricultural colleges, and all locations with the various species of land-scrip where no pre-emption claim or other special peculiarity is presented, are adjusted by this division.

Circular-instructions to the district land-officers, bringing lands into market under special or general laws, preparing reports for the Commissioner on various subjects relating to official business, called for by the head of the Department or Congress, and other miscellaneous duties of a like character, are performed by this division.

PUBLIC SURVEYS—DIVISION E.

This division is charged with the supervision of all work relating to the survey of public lands.

Instructions to the surveyors-general relative to the extension of surveys, or the examination and correction of erroneous surveys, are here prepared.

All contracts for surveys are examined and passed upon, adjusted, and submitted to the Treasury Department for payment. All returns of surveys are referred to this division for examination as to correctness, and after approval are here filed.

All records and correspondence relating to Indian, military, light-house, live-oak, or other reservations, are in charge of this division.

To this division are also referred matters pertaining to the establishment of boundary-lines, by astronomical surveys, between States and Territories of the United States, surveys of Indian lands, abandoned military reservations, &c.

ACCOUNTS—DIVISION M.

To this division are first referred all returns made by registers and receivers of the business of the district land-offices. The various dispositions of the public lands are here classified, and the quarterly accounts of the receivers are examined and adjusted. Accounts are also kept of the five-per-cent. fund accruing to the States upon the sales of the public lands within their respective limits; also, accounts of the receipt and expenditures of moneys collected from depredators upon the public timber, and the accounts of the sale of Osage and other Indian lands.

All applications for repayment of moneys received for lands to which title cannot be given are here examined, and, likewise, applications for changing the entry of lands erroneously purchased. This division audits for swamp-indemnity due the several States under act of March 2, 1855, and in it is kept a classified statement of the public lands disposed of for cash, homestead settlement, &c.

UNITED STATES LAND-OFFICES.

Salaries of registers, \$500 per annum, and 1 per cent. commission on moneys entered at their office. They are also authorized to charge for their services in the location of military land-warrants the following fees, viz: for a 40-acre warrant, 50 cents; a 60-acre warrant, 75 cents; an 80-acre warrant, \$1; a 120-acre warrant, \$1.50; and for a 160-acre warrant, \$2. They are, besides, entitled to 1 per cent. of the cash value en-

tered at their respective offices under the homestead act. Additional fees are allowed to registers in Oregon, Washington, and New Mexico, for final certificates in donation cases.—(*Act May 20, 1862.*) Should the salary, fees, and commissions of any register exceed \$3,000 per annum, the excess must be paid into the Treasury. An allowance of \$5 per diem is made to registers for superintending public sales of lands held at their offices.

Salaries of receivers, \$500 per annum, and 1 per cent. commission on moneys accounted for by them. For their services in the location of military land-warrants, and for homestead entries, they are allowed the same fees as registers for like services. They are allowed \$5 per diem for superintending public land sales, and mileage in going to and returning from depositing the public moneys received by them. They are subject to the same maximum limit of compensation as registers.

LAND DIVISION.

This division has charge of all questions arising out of, or connected with, the control and disposition of Indian lands; the establishment or enlargement of Indian reservations by executive order, and all legal questions presented for the consideration of the Indian Bureau. It is also the repository for all maps, plats, and field-notes of survey of all the various Indian reservations. Tract-books are kept, showing the description of each legal subdivision of such reservations as are surveyed, and the disposition made thereof. A record is kept of all Indian deeds approved by the Department or the President.
